Event: “Social Outreach Programme”

Venue: Sparsha Trust Makkala Dhama

Time-09:00 AM-04:00PM

## Social Outreach Programme

 16<sup>th</sup> April 2026

 09:00 AM to 04:00 PM

 Sparsha Trust Makkala Dhama

 6<sup>th</sup> and 4<sup>th</sup> Semester Students

Facilitator  
**Mr. Manjunath**  
CCI Program Head

Faculty Coordinator  
**Prof. Pallavi Nayak**  
Assistant Professor

Convenor  
**Dr. B Swathi**  
HoD - CSE(DS)

**Dr. R J Anandhi**  
Dean - Academics

**Dr. Manjunatha**  
Principal

Organised by  
**Department of Computer Science and Engineering (Data Science)**

The Department of Computer Science and Engineering (Data Science), New Horizon College of Engineering, organized a **Social Outreach Programme** on **16th April 2026** at Sparsha Trust Makkala Dhama from **09:00 AM to 04:00 PM** for **4th and 6th semester students**. The programme was facilitated by **Mr. Manjunath, CCI Program Head**, and was organized as part of a meaningful social engagement initiative aimed at spreading joy and building connection through interaction-based activities.

A total of **30 students** participated in the outreach programme. The participants were divided into **two groups** to effectively conduct the activities and engage with the girl students staying at the trust. This grouping helped ensure active participation, better coordination, and a more personal interaction with the children throughout the programme.

The main objective of the visit was to create a cheerful and enjoyable environment for the children through fun-filled and entertaining activities. The student volunteers interacted warmly with the girls, played games with them, and involved them in light-hearted sessions designed to make them laugh, smile, and feel valued. The activities focused on emotional connection,

enjoyment, and social bonding rather than formal instruction, making the experience lively and memorable for everyone involved.

The programme was filled with positive energy as the students actively participated in games, informal conversations, and engaging group activities with the children. The volunteers made conscious efforts to ensure that the children felt included, comfortable, and happy during the visit. The laughter, enthusiasm, and mutual participation seen throughout the event reflected the success of the programme's purpose.

As a gesture of care and encouragement, the student volunteers presented the children with **30 school kits and chocolates**. Each child received a school kit packed with essential stationery supplies, along with chocolates, making the occasion even more special and memorable for them.

This thoughtful gesture was warmly received by the children and reflected the spirit of giving and compassion that the programme sought to instill among the student volunteers.

Such outreach programmes play an important role in nurturing empathy, social responsibility, and community awareness among students. By spending quality time with the children at Sparsha Trust Makkala Dhama, the participants were able to contribute meaningfully to the well-being of the residents while also gaining a deeper understanding of compassion and service. The event served as a heartwarming and enriching experience for both the student volunteers and the children.
